

# High Impact Technical (HIT) Center Irvine, CA

Our clean and modern 17,000 square foot HIT Center will handle customer support such as aftermarket parts, technical services and retrofit and rebuilding. Additionally, our showroom will feature the most technically advanced equipment in Southern California while providing high impact customer experiences and training sessions throughout the year. With over 18,000 DME parts in-stock, inventoried items include Mold Components, Standard Mold Bases, Plates, MUD Quick-Change Units and much more. *See reverse for a partial list of the items available for pick-up.*

Conveniently located in Irvine, off  
the Santa Anna Freeway.  
Open Monday through Friday  
7:00AM - 4:00PM PST.  
*(map on reverse side)*
